# WELCOME

**P**ravada's mission is to assist fine spas, salons and retailers in offering high quality private label lines of natural and organic skincare products to enhance their operation by leveraging their most important asset – their brand.

Promoting your brand through a collection of specialized private label beauty products, tailored to the needs of your client base, makes sense - especially when those products can be developed in a way that not only enhances your reputation, but also your bottom line. We offer quality private label cosmetic products at low and sometimes no minimums – at prices that offer you customer loyalty, healthy margins and strong returns.

Plus, we simplify the process. Based on your business and customer profile, we bring the best products for you to choose from – you get to do the fun part – choose the best products, scents, and packaging and we facilitate the rest. We will work with your graphic designers or have you work with our in-house graphic designers to develop the labeling and then deliver to you beautiful professional products – ready for your shelves!

Our commitment to you is to develop a professional line of products on which you and your customers can depend and love. Our manufacturers are hand chosen and only work with high quality botanical, naturally derived ingredients and **never tested on animals**. We ensure the products delivered meet not only your high standards, but also those of Health Canada and the FDA.

## **Benefits from PRAVADA product lines:**

### **Higher Profits:**

Our high quality products are offered at costs comparable to or lower than leading brands – but you set the price – no more MSRP!

### **Brand Equity:**

Sales of your own line of products not only builds your prestige in the mind of your customers, but also in the market – building sales of your own products can increase the overall value of your business.

### **Increased Sales:**

Engaging your staff in the development of your product will lead to increased product sales.

### **Client Retention:**

What is better than having your clients carry your brand to their homes?

It's simple, consider us your in-house product development team – without all the overhead! Find out how easy and affordable it is to create your own custom line – contact us today.

# GETTING STARTED

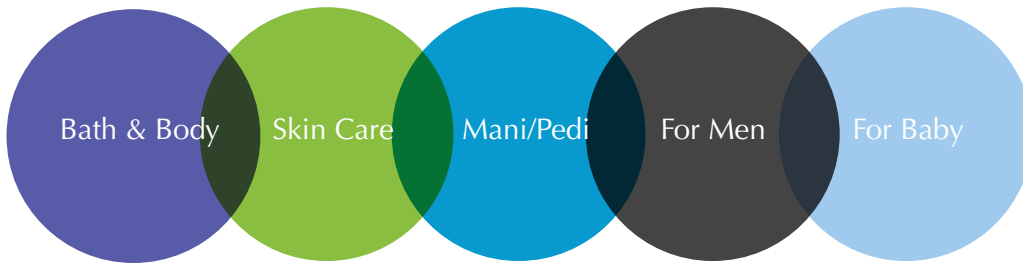

The experienced staff at Pravada is ready to help you determine the best options and solutions for your professional skin care line. The following provides a basic outline of the steps we follow with each client.

- 1 Project Definition** - in this phase you will meet with one of our project experts - either in our showroom or by phone. In this meeting we will review your project, your brand your timeline and your goals. Our focus is to ensure we understand your vision of what your are hoping to achieve for your customers and your business.
- 2 Product Selection** - Based on your objectives and budget we will help you identify the best product selection for your skin care line. We encourage you to test our products all made of natural and organic botanical based active ingredients. If we don't offer what you are looking for, we will work to source products from our roster of registered, high quality suppliers.
- 3 Scenting Options** - While many of our products have a wonderfully natural scent from the organic and natural ingredients used, we understand the importance of offer different and beautiful scents for bath, body and some skin care products. We source scents from reputable North American suppliers offering a wide range of essential oils and pthalate free fragrances.
- 4 Packaging Options** - A key component to the success of your new line will be the packing you choose. We source a wide range of quality recyclable PET, glass and aluminum packaging choices for our clients. We will present you with the best options available to meet your budget and branding goals.
- 5 Labeling Options** - We offer several options for labeling depending on the packaging you chose and your budget. You can choose from our high quality cost effective four colour water resistant labels, digital press, flexo press printing, pad stamping or screen printing. Our project specialists will work with you to provide you with the best option to meet your needs.

# OUR PRODUCTS

We are pleased to bring you beautiful, professional quality products that can be customer branded easily and affordably – with low and sometimes no minimums. Whether you are looking for a turn-key solution – our extensive product list now includes over 75 beautiful botanic, natural and organic based products – or a fully custom blended line, pravada can simplify the process. Leaving you time to do what you do best – manage and grow your business.

**Bath & Body:** Luscious products all made from naturally derived or organic based ingredients – all designed to make the skin feel soft, supple and hydrated.

**Skin Care Protocols:** A wonderful collection of organic and natural botanical based product lines, designed for a variety of skin types. Each line features cleansers, toners, moisturizers, night creams and eye gels and crèmes – plus, a variety of serums especially designed for moisturizing, fine line and deep line treatment.

**Manicure/Pedicure:** Perfect for in-spa use and in-home maintenance, these products are not only natural but extremely effective.

**Especially for Men:** While all of our products are gender neutral, our collection wouldn't be complete without finding the ultimate shaving crème and after shave balm just for men.

**Especially for Baby:** Our line of natural/organic based infant care is clean, fresh and paraben/SLS free.

Looking for something different from above? Just Ask!  
If we don't currently offer it we will do our best to source it.

# SCENTS

Most bath, shower, spa and body treatment products are available for custom scenting. We carry a large selection of stock fragrance oils from which you can choose. We also offer scenting for skin care protocol products, but most often our clients request these unscented.

The majority of the fragrance oils we carry are phthalate-free formulas. We also offer a wide array of essential oils, however, due to the variable price of essential oils, additional fees may be required.

Don't see what you are looking for? As with our packaging, just ask us. We will be happy to source alternative fragrances or oils for you (additional fees may be required).

# PACKAGING & LABELLING

## PACKAGING

Everyone knows that packing and labelling are cornerstone to the success of any product, especially in the beauty industry. However, having creative packaging for a private label program can be limiting due to the smaller quantities required by most of our clients. This is why we scour the market to find suppliers with innovative packaging solutions that will set your products apart. We have access to a large variety of containers from high quality PET plastic to beautiful glass all available in a variety of sizes and colours – and all available in low minimums.

Looking to keep your costs down? We offer a unique selection of plastic, glass and metal containers suitable for a variety of bath and body care products that are both cost effective and high quality in appearance and performance. Looking to develop a high end skin care line? We have access to elegant glass and plastic jars, serum dropper bottles and airless containers – perfect solutions for conveying a high end look to match your brand image.

# PACKAGING & LABELLING

## LABELLING

**We offer a variety of labelling solutions to fit a wide range of projects:**

- Water resistant Ink Jet
- Digital Printing
- Flexo Press Printing
- Pad Stamping
- Silk Screening

Your Pravada Project Consultant will work with you to understand your goals, brand and budget to identify the range of packaging options best suited for your products.

# ADDITIONAL SERVICES

## EXFOLIATING HAND AND BODY WASH - WITH WHITE LAVA

The wonders of lava are the basis of this incredibly mild exfoliating wash. Perfect for all skin types, the scrubbing action of white lava particulates suspended throughout buff off dirt and polish tired skin away. The lava is from the Auvergne region of France, where more than 80 volcanoes erupted between 100,000 and 7000 years ago. The beautiful scenery of Europe was carved from these volcanoes and explains the natural mineral springs – famous for healing spas and bottled water. This lava is basalt, containing silica, magnesium, calcium, titanium and sodium. Great after feel with a rejuvenated effect. Natural based surfactants with no Sodium Lauryl Sulphate – this makes for a wonderfully effective natural based product.

(95% Naturally Derived) Ingredients: Deionized Water, Decyl Polyglucoside, Cocamidopropyl Betaine, Disodium Cocoamphodiacetate, Acrylates Copolymer, Lava Powder, Glycerin (Vegetable), Aloe Barbadensis (Aloe Vera) Leaf Juice, Phenoxyethanol, Caprylyl Glycol.

## SUSPENDING HAND AND BODY WASH

Wonderful foam, mild on the skin and thousands of suspended bubbles – this great addition to your bath and body line. SLS/Paraben free with natural based surfactants. A very effective lightweight wash.

Ingredients: Aqua, Alkyl Polyglucosides, Cocamidopropyl Betaine, Sodium Cocoamphoacetate, Acrylates Copolymer, Vegetable Glycerine, Triethanolamine, Phenoxyethanol and Caprylyl Glycol.

## SUPER FRUITS

## ANTIOXIDANT

### SUPER FRUITS ANTIOXIDANT MASQUE

A super hit of antioxidants to reverse the oxidizing free radical process for smoother, younger, happier and truly vibrant skin. Loaded with potent antioxidants and free radical fighters of Blueberry, Cranberry, Oregon Grape, Bayberry, Cayenne and Seabuckthorn. This masque combines this with the anti-aging benefits of Glycolic Acid, Hyaluronic Acid, Coenzyme Q10 and peptides to give the boost, lift and shine that every person with skin looks for in skin care.

Directions for Use: Apply generously to face and neck area creating a thick coating. Masque does have glycolic so it may tingle on some clients but that is normal. Leave on for 15-30 minutes; can be applied under steam. Masque does have natural fibers so it's great to leave on then use circular motions to slough off dead skin and exfoliate. Use a damp cloth or warm water to remove. Follow with face wash, toner, serum and moisturizer for full treatment.

### SUPER FRUITS ANTIOXIDANT MOISTURIZER

Antioxidant skin care protocols are the tried and true approach to help minimize the environmental damage that prematurely ages skin. Free radical damage, called oxidation, shows up in our skin as wrinkles and sagging. Antioxidants including green tea, bayberry, blueberry, cranberry and seabuckthorn help halt and reverse this damage via the suppression and deactivation of dangerous and damaging free radicals. This, combined with the anti-aging benefits of Squalane, Glycolic Acid, Alpha Lipoic Acid, Phospholipids and Peptides, makes for one light but powerful moisturizer. Use in conjunction with Super Fruit Antioxidant Masque, Cleanser and Toner for an effective and impressive daily dermal routine. This formula is potent yet gentle, and exactly what will protect your face from looking less than the best ever.

(97% Natural/72% Organic) Ingredients: Deionized Aqua (Water), Glycolic Acid, Squalane, Lactic Acid, Isopropyl Palmitate (Palm Oil), Hydrogenated Castor Oil, Kosher Vegetable Glycerin, Methylsulfonylethane (MSM), Sodium Ascorbyl Phosphate (Vitamin C), Cetearyl Alcohol, Cetearyl Glucoside, Stearyl Alcohol, Cetyl Alcohol, Organic Carthamus Tinctorius (Safflower Oil), Prunus Amygdalus Dulcis (Sweet Almond Oil), Sodium Hydroxide, Stearic Acid, Glyceryl Stearate, Alpha Lipoic Acid, Vitis Vinifera (Grapeseed Oil), Organic Mahonia Aquifolium (Oregon Grape), Organic Camellia Sinensis (Green Tea), Organic Glycyrrhiza Glabra (Licorice), Citrus Aurantium (Orange Distillate), Organic Mahonia Aquifolium (Oregon Grape), Organic Glycyrrhiza Glabra (Licorice), Organic Myrica Cerifera (Bayberry), Organic Capsicum Annuum var. ## POWER SCRUB

Facial whiskers on every “man face” usually lead to ingrown bumps and red spots and oozing itchy sores. The brawnier you are in the facial hair category, the heavier the punishment if you choose to shave it off regularly. Please do not think of this exfoliating scrub as a female product. It is all male and all effective to help restore a man’s face to its original integrity. This daily or weekly scrub will unplug the pores of each and every hair follicle. The end result is that your post-shaven face is smooth and clear and irritation free. The smell is light and clean and fresh and sharp, without being overpowering, all natural and from the plant world to boot. Bless your face and enjoy this superior masculine remedy for post shave irritation.

Directions for use: This scrub can be used daily or several times a week, and is great on face, neck, hands, elbows, knees, wherever a little extra scrubbing is needed. Moisten with water, dispense about a dime size of the scrub, and rub in circular motions. Scrub will not dissipate so they can scrub for several minutes if needed. Rinse off with water and follow with our Head Shoulders Knees and Toes Wash for men.

# IMPORTANT CONSIDERATIONS

**O**ur commitment to you is to work with you and your team to develop the best quality and most beautifully packaged products taking into consideration your branding, strategy, order size and budgets. The following outlines our terms and conditions and some of the finer details of our service delivery. If you question is not answered here, please contact us.

**Timing:** If you are placing your first order, please allow 4-6 weeks for product delivery. While we focus on fast turnaround times for services, this allows us time to work with you on product selection and labeling. Also, due to the organic and natural ingredients of our products, they are made fresh to order, to provide you and your clients with adequate shelf life.

**Set Up Fees:** \$50 per product type. This includes the setup and testing of labels (although does not include the design) and sourcing of packaging and any non-stock scents. This amount is a one-time charge, is payable at the start of the project and is non-refundable.

**Minimums:** Most products come with a minimum order quantity of 12 items per product.

**Shipping:** We currently ship to Canada and the United States. To ensure your lowest shipping cost, we recommend that you contact your shipping supplier to pick up your purchases from us. If you prefer to use one of our suppliers, we will provide you with a quote once we confirm your order. Shipping and handling charges are in addition to prices quoted on our pricing schedules.

**Taxes and Duty:** Applicable taxes and duty are in addition to prices quoted on our pricing schedules.

**Returns:** Due to the customized nature of our products, we are unable to accept returns and, as such, all purchases are final sale. We offer samples of all of our products and fragrances – we encourage you to try them out prior to purchase! If, for any reason, you are dissatisfied with your purchase, please contact us - we will do our best to make it right!

**Damages/Claims:** Any damages caused during the shipping of the products must be reported to the carrier and Pravada within 7 days of shipment receipt.

**Payment:** We accept cheque (upon approval), Visa, Mastercard and American Express. We require payment of all setup fees and 50% of the product costs at time of order. Please note that if you decide to pay by cheque, we must receive the cheque prior to the start of production of your products. The remaining 50% will be due upon receipt or in the case of credit card payment, will be billed at time of shipping. Any late payments will be subject to a 1.5% finance charge per month.

**Labeling:** Pravada advises each of our customers to follow the lawful and responsible practice of complying with federal, provincial, state, and local cosmetic labeling laws and regulations. While we will assist you in this area, you are responsible for final copy and design of your label.

**Samples** We encourage you to sample our products! Each of our products comes sample packaged (in either 1 or 2 oz sizes depending upon the product) for \$3.95 each. These can be ordered directly from our website, by phone or by sending us an email request at the contacts below.
